

Supplier Declaration – California Proposition 65

Updated 10/11/2022

WARNING: Some metal products may contain elements or chemicals known to the State of California to cause cancer, birth defects or reproductive harm. These elements include but are not limited to Chromium, Cobalt, Lead, and Nickel.

For more information visit www.P65Warnings.ca.gov.

California law requires businesses to provide a clear and reasonable warning to customers purchasing products in the state of California before knowingly or unintentionally exposing them to one of 800+ listed chemicals or elements. This warning is required when a business is aware of or believes one or more of these listed chemicals or elements may be present in their products.

Please review our Safety Data Sheet for more information. If you require additional information or have concerns about these products, please call us. This notice serves as "reasonable warning" to our customers as required by California law, about the potential hazards of using or working with industrial metal products. Your decision to purchase these products acknowledges your understanding of these warnings and acceptance of possible health risks.

Note: Metal products are not typically considered hazardous in their solid distributed form by OSHA and Federal Standards. Fumes or Dust from ANY product can be hazardous to your health without proper safety protection. See SDS sheet for more information regarding safe use.
