JAN. 28, 2022

REACH Certificate of Compliance

This document certifies that copper and copper alloy tube manufactured by Small Tube Products, Duncansville, PA, do not to the knowledge of the certifier contain the substances of very high concern (SVHC's) that are outlined in the REACH Directive (2006/121/EC), with the exception of lead, an alloying element in leaded brass alloys (UNS C33000 and UNS C33200). A list of the current SVHC's as of Jan. 28, 2022 is listed at <http://echa.europa.eu/candidate-list-table>.

By Small Tube Products' interpretation of the requirements, **supplied tubing is an article** that does not contain substances intended to be released under normal or reasonably foreseeable conditions of use. Therefore, registration is not required.
