GERARD MACHINE 10063270

Safe Drinking Water and Toxic Enforcement Act of 1986, better known by its original name of California Proposition 65

(PROP 65)

California Proposition 65 requires the State (California) to publish a list of chemicals known to cause cancer or birth defects or other reproductive harm. This list, which must be updated at least once a year, has grown to include approximately 960 chemicals and elements since it was first published in 1987.

As a courtesy to our customers, we have included below a link to the California government's website, which provides a list of substances identified by Proposition 65.

<https://oehha.ca.gov/proposition-65>

The following alloys we have supplied to you **do not contain** substances described in the current Proposition 65 list: **CU 145, AL 6061, CU 693** .

The following alloys we have supplied to you **Do contain** substances described in the current Proposition 65 list: **SS 304, CU 360, CU 693** . Since each alloy is made to the customers defined ASTM/AMS specification, the exact percentage of each substance will vary.

Please refer to the Mill Test Report as well as the Proposition 65 warning lable on all material covered by prop 65. Additionally, SDS that can be located at the following LINK:
