REACH- Regulation: Constant expansion of the list of candidates (SVHC-Substances)

Dear Sir or Madam,

In accordance with Annex XVII *REACH REGULATION EC 1907/2006 FOR THE RESTRICTION OF SUBSTANCES OF VERY HIGH CONCERN (SVHC)*, Article 33 & Article 67 of the REACH (235) 6-14-2023 Regulation, for all companies applies the obligation to disclose information on SVHCs in Articles.

Any supplier of an article containing a substance classified as very high concern in a concentration of more than 0.1 percent by mass, must provide to the customer specific information. The SVHCs, also Substances of Very High Concern, short SVHC, are recognized by the European Chemicals Agency and published in a list ("candidate List"). Thyssenkrupp Materials NA, Copper and Brass Sales, supplies you with **CU 145, SS 304, AL 6061, CU 642, CU 693** Products. These materials are **currently compliant** to Annex XVII & Annex XIV, Article 33, Article 59 & Article 67 of the Reach (235) Regulation. The se alloys **Do Not** contain 0.1% or more by weight of Lead or other alloying element substances of the SVHC- list in concentrations causing it to be in violation of the Reach Regulation.

The following materials are supplied to you by Thyssenkrupp Materials NA, Copper and Brass Sales **CU 360**. These materials are currently affected by Annex XVII & Annex XIV, Article 33, Article 59 & Article 67 of the Reach (235) Regulation. These Alloys **Do** contain 0.1% or more by weight of Lead or other alloying element substances of the SVHC- list in concentrations causing it to be in violation of the Article 33, Article 59 Reach Regulation. Please refer to the Mill Test Report as well as SDS that can be located at the following LINK: <https://www.thyssenkrupp-materials-na.com/resources/safety-data-sheets/index-2.html>

Thank you for your business.

Sincerely,

Charles J Biegel
